

## **Children's Playground Equipment at Brickell Park.**

In response to requests from neighbors in the area, the Parks and Recreation Dept. will for the first time install children's playground equipment at Brickell Park at 501 Brickell Avenue.

Brickell Park is tucked between the towering ICON at Brickell and the First Presbyterian Church near the historic Miami Circle. This spot of green space was deeded to the City of Miami by one of Miami's pioneering families: The Brickells knew that it would take many families to build a great city over many generations. Now new waves of settlers are choosing the namesake Brickell area to call home and the District 2 office is responding to the changing demographics.

Commissioner Sarnoff is proud of the growing Brickell neighborhood and looking forward to seeing more families taking advantage of Miami's beautiful green spaces.
